Our Wesley Team will compete against other secondary schools in a 15km course set up at Woodhill Forrest, North west Auckland.

The Course will include various life rescue scenarios where each team has to rescue a person from the scenario. The Team will need to work as a team, make decisions to save a life and fulfil each role they are given for the benefit of the team's success. It will be a great team bonding exercise for those students being considered for leadership next year.

Our team has a fundraiser page the link of which is below.
