All are welcome!

Amidst all the busy-ness of this time and especially as we wind down the School year, it's like one day at a time and not too much thinking ahead. It is the first week of Advent and it's beginning to look a lot like Christmas everywhere we go.

The first week of the first season on the Church calendar, it is a time of reflection, of anticipation and of preparing for the real reason for the season of Christmas. We have come too far not to go further and that further brings us to a time of renewal and of thanksgiving for the re-birth of the Christ-child anew in our hearts and lives again. We give thanks for this time of reflection and repose in the lead up to a wonderful time of the year, celebrating with family and friends the Spirit of Christmas together.

Have a blessed day
